Nanjing University of Chinese Medicine 2021 Guidebook for Overseas Undergraduate Program Applicants

2021

I. APPLICATION

Eligibility for Application

1. Applicants must be a citizen of a country other than the People's Republic of China, and be in good health.
2. The applicant must possess education background equivalent to or above Chinese high school education.
3. The applicant's Chinese proficiency must reach the new HSK Level 4 with a score of 180 or more (not required for those who have completed secondary or higher education program based on using Chinese as teaching medium).
4. International student applicants with former permanent residency in P.R. China (Mainland), China-Hong Kong, China-Macau or China-Taiwan having emigrated abroad, must provide evidence for possession of current valid foreign passport or nationality documentation for more than 4 years (inclusive), and evidence or proof of actual residency abroad for more than 2 years within the previous 4 years period calculated by the 30th of April prior to the end of the academic year (actual residency is calculated by total of residency abroad for more than 9 months per year, subject to valid entry and exit date stamps on travel document).

Application Materials

1. "Nanjing University of Chinese Medicine Application Form for Foreign Students".
2. Scanned copy of passport
(passport must be valid within 6 months from the date of submitting the application).
3. Scanned copy of the highest academic qualification and/or degree certificate: please submit scanned copy of the graduation certificate and (or) degree certificate; If the applicant is a in-school student, he/she must submit a scanned copy of enrollment certificate issued by your school.
4. A copy of HSK grade certificate (not required for those who have completed secondary or higher education in Chinese).
5. Digital Photo: 2-inch color photo, hatless, white background without border. The head occupies 2/3 of the photo size, and the photo size is no less than 320*240 Pixel, aspect ratio is 4:3, size is 100-500KB, JPG Format photo, named after passport number.
6. Financial proof.
7. Proof of no criminal record.
8. Certificate of health check.

Learning method

Full-time study.

Registration time

From February 2021 to June 2021.

II. Assessment Format

Application Assessment Evaluation.

III. Acceptance

Merit-based admission is granted only to qualified applicants by the school. The admission notice and related enrollment information will be forwarded to qualified applicants by school after middle of June 2021.

IV. Admission

*The admission schedule and other matters are subject to the announcement of the International Education College of NJUCM.

*The admitted applicants should bring their original passports, "Admission Notice", and "Visa Application Form for Foreign Students Studying in China" to the Chinese Embassy (Consulate) to apply for an entry study (X1) visa, and register in Nanjing University of Chinese Medicine with the above documents according to the "Admission Notice" at the time specified in the above.

*Students who submit the enrollment certificate issued by the original school at the time of application must submit the original or notarized copy of the academic certificate as required when they are admitted to NJUCM. If admitted applicants fail to comply, then their admission will be disqualified. The original copy of the "Foreigner Physical Examination Form" must be submitted for verification when registering.

V. Degree

Students who have completed the course, passed the thesis defense and passed relevant deliberation, and comply with the provisions of the "Regulations on Academic Degrees of the People's Republic of China", can obtain the corresponding degree certificate and graduation certificate.

Program
Applicants

I. Application

Eligibility for Application

1. Applicants must be a citizen of a country other than the People's Republic of China, and be in good health.
2. The applicants for master's programs must have a bachelor's degree. The applicants for doctoral programs must have a master's degree.
3. All applicants require to have at least two written recommendation letters from two associate professors or scholars with equivalent or above academic titles related to the major applying for.
4. Applicants applying for a Chinese Medicine professional degree (in clinical) Master program, should have graduated from a 5-year (Full-time) Chinese Medicine related program of a university in the mainland of China, and obtained bachelor's degree from the above-mentioned university.
5. Applicants for Chinese-taught programs should obtain a minimum score of 180 or above in New HSK Level 5. Applicants for English-taught programs from non-English-speaking countries are required to pass the language proficiency test at the University.
6. International student applicants, with former permanent residency in P.R. China (Mainland), China-Hong Kong, China-Macau or China-Taiwan having emigrated abroad, must provide evidence for possession of current valid foreign passport or nationality documentation for more than 4 years (inclusive), and evidence or proof of actual residency abroad for more than 2 years within the previous 4 years period calculated by the 30th of April prior to the end of the academic year (actual residency is calculated by total of residency abroad for more than 9 months per year, subject to valid entry and exit date stamps on travel document).

Application Materials

1. "Nanjing University of Chinese Medicine Application Form for Foreign Students".
2. Scanned copy of passport (passport must be valid within 6 months from the date of submitting the application).
3. Scanned copy of the highest academic qualification and/or degree certificate: please submit scanned copy of the graduation certificate and (or) degree certificate; If the applicant is a in-school student, he/she must submit a scanned copy of enrollment certificate issued by your school.
4. Two recommendation letters written in Chinese or English from two associate professors or scholars with equivalent or above academic titles related to the major applying for.
5. Chinese-taught programs applicants need to submit a copy of HSK5 Certificate.
6. Certificate of health check.
7. Proof of no criminal record.
8. Financial guarantee certificate (certificate of deposit), if the deposit is in the name of the applicant's relative, a certificate of relative relationship is required.
9. Digital Photo: 2-inch color photo, hatless, white background without border. The head occupies 2/3 of the photo size, and the photo size is no less than 320*240 Pixel, aspect ratio is 4:3, size is 100-500KB, JPG Format photo, named after passport number.

Learning method

Full-time study.

Registration time

From March 2021 to June 2021.

II. Assessment Format

Application Assessment and Evaluation

Assessment will be conducted on relevant core knowledge, research capability and language proficiency. Assessment will be conducted through on-site, phone or video interview.

III. Acceptance

Merit-based admission is granted only to qualified applicants by the school. The admission notice and related enrollment information will be forwarded to qualified applicants by school after middle of June 2021.

IV. Admission

*The admission schedule and other matters are subject to the announcement of the International Education College of NJUCM.

*The admitted applicants should bring their original passports, "Admission Notice", and "Visa Application Form for Foreign Students Studying in China" to the Chinese Embassy (Consulate) to apply for an entry study (X1) visa, and register in Nanjing University of Chinese Medicine with the above documents according to the "Admission Notice" at the time specified in the above.

*Students who submit the enrollment certificate issued by the original school at the time of application must submit the original or notarized copy of the academic certificate as required when they are admitted to NJUCM. Those who cannot provide it will be disqualified from admission. If admitted applicants fail to comply, then their admission will be disqualified. The original copy of the "Foreigner Physical Examination Form" must be submitted for verification when registering.

V. Degree

Students who have completed the course, passed the thesis defense and passed relevant deliberation, and comply with the provisions of the "Regulations on Academic Degrees of the People's Republic of China", can obtain the corresponding degree certificate and graduation certificate.

Department, Specialty and Research Fields	Conferred Degree	Professional background requirements
001 School of Chinese Medicine, School of Integrated TCM and Western Medicine		
100502 Clinical Foundation of TCM	Academic Degree	Background in Traditional Chinese Medical Education
01 Study of TCM Classic Formulas and Syndromes	Academic Degree	Background in Traditional Chinese Medical Education
002 The First School of Clinical Medicine (Jiangsu Province Hospital of Chinese Medicine)		
100201 Internal Medicine		
01 Study of Internal Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100207 Medical Imaging and Nuclear Medicine		
01 Study of Medical Imaging and Nuclear Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Study of Medical Imaging and Nuclear Medicine (Ultrasonic Aspect)	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100208 Clinical Laboratory Diagnostics		
01 Study of Clinical Laboratory Diagnostics	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100210 Surgery		
01 Study of Surgical Diseases	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100506 Chinese Internal Medicine		
01 Study of Chinese Internal Medicine Diseases	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100507 Surgery of Chinese Medicine		
01 Study of General Surgical Diseases	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Study of Surgery in relation of Anorectal Diseases	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100508 Orthopedics and Traumatology in Chinese Medicine		
01 Clinical Study of Orthopedics and Traumatology Disease in Chinese Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100509 Gynaecology in Chinese Medicine		
01 Study of Gynaecology Diseases in Chinese Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100510 Pediatric in Chinese Medicine		
01 Study of Pediatric Disease in Chinese Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100511 Ophthalmology and Otorhinolaryngology in Chinese Medicine		
01 Study of Otorhinolaryngology Disease in Chinese Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100512 Acupuncture, Moxibustion and Tuina Science		
01 Laws of Effectiveness and Mechanism in Acupuncture and Moxibustion	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100602 Clinical Discipline of Integrated Traditional Chinese and Western Medicine		
01 Study of Internal Diseases in Integrated Chinese and Western Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Study of Surgery in Integrated Chinese and Western Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)

Department, Specialty and Research Fields	Conferred Degree	Professional background requirements
100800 Chinese Materia Medica		
01 Pharmacology Aspect of Chinese Medicine	Academic Degree	Full-time College Education Background
105600 Chinese Materia Medica		
01 Effectiveness and Safety Evaluation of Chinese Medicine (Clinical Practice Included)	Professional Degree	Full-time College Education Background
105701 Chinese Internal Medicine		
01 Clinical Study of Chinese Internal Medicine Diseases	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105702 Surgery of Chinese Medicine		
01 Clinical Study of General Surgical Diseases	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
02 Clinical Study of Surgery in Relation of Anorectal Diseases	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105703 Orthopedics and Traumatology in Chinese Medicine		
01 Clinical Study of Orthopedics and Traumatology Disease in Chinese Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105704 Gynaecology of Chinese Medicine		
01 Clinical Study of Gynaecology Disease in Chinese Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105705 Pediatric in Chinese Medicine		
01 Clinical Study of Pediatric in Chinese Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105706 Ophthalmology and Otorhinolaryngology in Chinese Medicine		
02 Clinical Study of Otorhinolaryngology Disease in Chinese Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105707 Acupuncture, Moxibustion and Tuina		
01 Laws of Clinical Application in Acupuncture and Moxibustion	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105709 Clinical Discipline of Integrated Traditional Chinese and Western Medicine		
01 Clinical Study of Internal Diseases in Integrated Chinese and Western Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
02 Clinical Study of Surgery in Integrated Chinese and Western Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
105710 General Practice (in Chinese Medicine, Not a Doctoral Degree)		
01 Study of General Practice Theory in Chinese Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
003 School of Acupuncture and Tuina, School of Health and Rehabilitation		
100215 Physical Medicine Rehabilitation and Physical Therapy		
01 Study of Chronic Diseases Rehabilitation in Integrated Chinese and Western Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100506 Chinese Internal Medicine		
01 Study of Disease Prevention Practices and Antiaging Strategies in Traditional Chinese Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Study and Application of: Disease Prevention Practice Techniques and Antiaging Strategies in Traditional Chinese Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)

Department, Specialty and Research Fields	Conferred Degree	Professional background requirements
100512 Acupuncture, Moxibustion and Tuina		
01 Laws of Effectiveness and Mechanism in Acupuncture and Moxibustion	Academic Degree	Five Years Full-time Medical Education Background (exclude college or undergraduate transfer)
02 Study of Human Reproduction Aid by Acupuncture and Moxibustion	Academic Degree	Five Years Full-time Medical Education Background (exclude college or undergraduate transfer)
03 Study of Complex and Critical Illness Treatment in Acupuncture and Moxibustion	Academic Degree	Five Years Full-time Medical Education Background (exclude college or undergraduate transfer)
04 Standardization of Tuina Technique and Skill	Academic Degree	Five Years Full-time Medical Education Background (exclude college or undergraduate transfer)
05 Study of Clinical Practice and Standardization of Pediatric Acupoint in Tuina	Academic Degree	Five Years Full-time Medical Education Background (exclude college or undergraduate transfer)
06 Study of Clinical Mechanism of Dominant Disorders in Tuina	Academic Degree	Five Years Full-time Medical Education Background (exclude college or undergraduate transfer)
100601 Fundamental of Integrated Traditional Chinese and Western Medicine		
01 Study of Modern Biology Mechanism of Applicable Technique in Chinese Medicine	Academic Degree	Five Years Full-time Medical Education Background (exclude college or undergraduate transfer)
004 School of Medicine & Holistic Integrative Medicine		
071010 Biochemistry and Molecular Biology		
01 Protein Structure and Medicine Design	Academic Degree	Full-time College Educational Background in Medical, Biology or Pharmacological
005 School of Pharmacy		
100701 Medicinal Chemistry		
01 Discovery of Natural Bioactive Compound and Study of Its Chemical Biology	Academic Degree	Full-time College Education Background
02 Bioactivity of Natural Lead Structure and Optimization of Its Druggability	Academic Degree	Full-time College Education Background
03 Study of Molecular Design, Synthesis and Structure Activity Relationship in Medicine Compounds	Academic Degree	Full-time College Education Background
04 Study of Constructing Advance Medicine Scaffold Methodology	Academic Degree	Full-time College Education Background
05 Study and Application of Post-Functionalized Advance Medicine Scaffold Methodology	Academic Degree	Full-time College Education Background
06 Study of Synthetic Methodology in Medicine	Academic Degree	Full-time College Education Background
100702 Pharmaceutics		
01 Study of Highly Efficient Absorbent Pharmaceutical Preparation	Academic Degree	Full-time College Education Background
02 Study of New Nanotechnology in Medicine Delivery System	Academic Degree	Full-time College Education Background
03 Study of Biopharmaceutics and Metabolomics	Academic Degree	Full-time College Education Background
100704 Pharmacoinalysis		
01 New Method, Technology Development and Application in Pharmaceutical Analysis	Academic Degree	Full-time College Education Background
02 Analysis of Intracorporal Process of Medicine	Academic Degree	Full-time College Education Background
03 Metabolism and Metabolomics in Medicine	Academic Degree	Full-time College Education Background
100705 Microbiology and Biochemical Pharmacy		
01 Discovery and Bioactive Evaluation of New Secondary Metabolites in Medicinal Endophytes	Academic Degree	Full-time College Education Background
02 Discovery and Bioactive Evaluation of Microbial's New Secondary Metabolites In a Unique Environment	Academic Degree	Full-time College Education Background
03 Study of Relationship between Intestinal Flora Function and Chinese medicine	Academic Degree	Full-time College Education Background

Department, Specialty and Research Fields	Conferred Degree	Professional background requirements
04 Study of Optimization and Industrialization of Medicinal Fungus Fermentation Process	Academic Degree	Full-time College Education Background
05 Study of Peptides and Proteins Pharmaceutical Development	Academic Degree	Full-time College Education Background
06 Study and Development of Antibody Medicines	Academic Degree	Full-time College Education Background
100706 Pharmacology		
01 Neuropsychopharmacology	Academic Degree	Full-time College Education Background
02 Digestion and Oncologic Pharmacology	Academic Degree	Full-time College Education Background
03 Cardio-Cerebrovascular Pharmacology	Academic Degree	Full-time College Education Background
04 Endocrine Pharmacology and Immunopharmacology	Academic Degree	Full-time College Education Background
100800 Chinese Materia Medica		
1、 Discipline of Chinese Medicinal Resources and Identification		
01 Resources Production and Selective Breeding of Chinese Materia Medica	Academic Degree	Full-time College Education Background
02 Evaluation of Chinese Medicinal Resources and Identification	Academic Degree	Full-time College Education Background
03 Chemistry and Cyclic Utilization of Chinese Medicinal Resources	Academic Degree	Full-time College Education Background
04 Compatibility Principles of Chinese and Innovative Medicine	Academic Degree	Full-time College Education Background
2、 Aspect of Chemistry and Analysis of Chinese Materia Medica		
05 Discovery of Fundamental Medicinal Substance Effect in TCM/Crude Medicine and Application Study	Academic Degree	Full-time College Education Background
06 Chinese Medical Formulae: Fundamental Effective Substance, Mechanism and Development of New Medicines	Academic Degree	Full-time College Education Background
07 Chemistry and Cyclic Utilization of Chinese Medicinal Resources	Academic Degree	Full-time College Education Background
08 Study and Discovery: Optimization of Molecules in New Natural Sources from Medicinal Plants	Academic Degree	Full-time College Education Background
09 Chemical and Biological Study of The Secondary Bateria Metabolites from a Unique Environment	Academic Degree	vFull-time College Education Background
3、 Discipline of Chinese Materia Medica Processing		
10 Study of Refined TCM Standardization and Processing Mechanism	Academic Degree	Full-time College Education Background
11 Study of Chinese Materia Medica in Marine Medicine	Academic Degree	Full-time College Education Background
4、 Pharmacy in Chinese Materia Medica		
12 Study of Applicable Chinese Medicine Isolation Technique	Academic Degree	Full-time College Education Background
13 Study on Transfer Procedure of Quality in Preparations of Chinese Medicine	Academic Degree	Full-time College Education Background
14 Study of Innovative Technology in Preparations of Chinese Medicine New Dosage Form	Academic Degree	Full-time College Education Background
15 Study of Innovation and Applicable Conversion of New Chinese Medicine	Academic Degree	Full-time College Education Background
5、 Pharmacology of Chinese Materia Medica		
16 Study of Regulating Cardio-Cerebrovascular Disease in Chinese Medicine Prescription	Academic Degree	Full-time College Education Background
17 Study on Molecular Mechanism of Tumor in Chinese Medicine	Academic Degree	Full-time College Education Background
18 Study of The Regulatory Function of Neuroendocrine Immune Network and Its Mechanism in Chinese Medicine	Academic Degree	Full-time College Education Background

Department, Specialty and Research Fields	Conferred Degree	Professional background requirements
105500 Pharmacology		Full-time College Education Background
01 Medicine Development	Professional Degree	Full-time College Education Background
02 Medicine Production and Quality Control	Professional Degree	Full-time College Education Background
03 Clinical Pharmacy (Medicine Evaluation Included)	Professional Degree	
105600 Chinese Materia Medica		Full-time College Education Background
01 Production, Development and Exploitation of Chinese Medicine Resource	Professional Degree	Full-time College Education Background
02 Technique and Methodology of Chinese Medicine Quality Control	Professional Degree	Full-time College Education Background
03 Pharmaceutical Technology and Product Development in Chinese Medicine	Professional Degree	Full-time College Education Background
04 Effectiveness and Safety Evaluation of Chinese Medicine (Clinical Practice included)	Professional Degree	
006 School of Health Economics and Management		
120400 Public Management		Full-time College Education Background
01 Community Medicine and Health Service Management	Academic Degree	Full-time College Education Background
105600 Pharmacology		Full-time College Education Background
01 Pharmaceutical Affair Management	Professional Degree	Full-time College Education Background
007 School of Nursing		
101100 Nursing		
01 Clinical Nursing	Academic Degree	Nursing and Medical Related Education Background
02 Community Nursing	Academic Degree	Nursing and Medical Related Education Background
03 Geriatric Nursing	Academic Degree	Nursing and Medical Related Education Background
04 Nursing Management	Academic Degree	Nursing and Medical Related Education Background
05 Nursing of Integrated Chinese and Western Medicine	Academic Degree	Nursing and Medical Related Education Background
105400 Nursing		
01 Clinical Specialty in Nursing	Professional Degree	Nursing and Medical Related Education Background
02 Nursing Management	Professional Degree	Nursing and Medical Related Education Background
03 Traditional Chinese Medicine Nursing	Professional Degree	Nursing and Medical Related Education Background
04 Geriatric Nursing	Professional Degree	Nursing and Medical Related Education Background
010 School of Marxism, School of Medical Humanism		
071200 History of Science and Technology		
01 Study of Ideology and Cultural History in Chinese Medicine	Academic Degree	
02 Study of Culture and Its Diffusion in Chinese Medicine	Academic Degree	
03 Study of Science and Society	Academic Degree	

Department, Specialty and Research Fields	Conferred Degree	Professional background requirements
011 Graduate Institute of Literature in Chinese Medicine		
100503 History and Literature of Chinese Medicine		
01 Study on Literatures of Materia Medica and Schools of Chinese Medicine	Academic Degree	Professional in Traditional Chinese Medicine Background
02 Study of Compatibility and Clinical Applicability in Chinese Medicine Prescription	Academic Degree	Professional in Traditional Chinese Medicine Background
03 Study of Clinical Literature in Chinese Medicine	Academic Degree	Professional in Traditional Chinese Medicine Background
013 The Second School of Clinical Medicine, The Second Affiliated Hospital (Jiangsu Province The Second Hospital of Chinese Medicine)		
100507 Surgery of Chinese Medicine		
01 Study of Surgery in Relation of Anorectal Diseases	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100512 Acupuncture, Moxibustion and Tuina		
01 Study of Theory and Clinical Application in Acupuncture and Moxibustion	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100602 Clinical Discipline of Integrated Traditional Chinese and Western Medicine		
01 Clinical Study of Digestive System Diseases	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)

01 Clinical Study of Endocrine and Metabolic Disease	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
02 Clinical Study of Critical Illness in Integrated Chinese and Western Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
03 Clinical Study of Gynecological Tumor in Integrated Chinese and Western Medicine	Professional Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude junior college transfer)
028 Nanjing Hospital of Chinese Medicine Affiliated to NJUCM		
100201 Internal Medicine		
01 Clinical Study and Fundamentals of Hepatic Cirrhosis	Academic Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude college or undergraduate transfer)
02 Clinical Study and Fundamentals of AIDS	Academic Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude college or undergraduate transfer)
03 Study of Invasive Fungal Infection	Academic Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude college or undergraduate transfer)
04 Application Study of Nanotechnology in Tuberculosis	Academic Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude college or undergraduate transfer)

Department, Specialty and Research Fields	Conferred Degree	Professional background requirements
05 Clinical Study and Fundamentals of Medicine-Resistant Tuberculosis	Academic Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude college or undergraduate transfer)
06 Clinicopathological Diagnosis of Complicated Liver Disease	Academic Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude college or undergraduate transfer)
07 Treatment of Liver Disease and Failure	Academic Degree	Five Years Full-time Traditional Chinese Medical Education Background (exclude college or undergraduate transfer)
100208 Clinical Examination in Diagnostics		
01 Study of Clinical Examination in Diagnostics	Academic Degree	Four Years Full-time Medical Laboratory Technology Education Background
100210 Surgery		
01 Hepatobiliary in Surgery	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Gastrointestinal in Surgery	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100211 Science of Gynaecology		
01 Fundamentals and Clinical Study in Gynaecological Tumors	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Study of Cervical Cancer and Mechanism of Cervical Pathogenesis	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
03 Perinatology: Reproductive Health and Management of High-risk Pregnancy	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
04 Fundamentals and Clinical Study of Liver and Infectious Diseases in Pregnancy	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100214 Oncology		
01 Study of Tumors' Resistance to Radiation	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Technology and Application of Tumor Liquid Biopsy	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
03 Examination of Circulating Tumor Cells	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
04 Fundamentals and Clinical Study of Tumors	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100217 Anesthesiology		
01 Clinical Anesthesia	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Diagnosis and Treatment of Pain	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
100218 Emergency Medicine		
01 Mechanism and Treatment of Vascular Injury with Severe Infection	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
02 Pathogenic Mechanism, Monitorization and Treatment of Hepatic Encephalopathy	Academic Degree	Five Years Full-time Medical Education Background (exclude junior college transfer)
105500 Pharmacology		
01 Production and Quality Control of Medicine	Professional Degree	Full-time College Education Background
02 Clinical Pharmacy (Medicine Evaluation Included)	Professional Degree	Full-time College Education Background
03 Study of Clinical Efficacy of Medicine, Mechanism of Antitumor in Integrated Chinese and Western Medicine	Professional Degree	Full-time College Education Background
04 Fundamental Study of Effective Substance in Medicine	Professional Degree	Full-time College Education Background
05 Clinical Pharmacology and Pharmacokinetics	Professional Degree	Full-time College Education Background
06 Medicine Delivery	Professional Degree	Full-time College Education Background
07 Pharmacology	Professional Degree	Full-time College Education Background

No.	Code of Schools/Colleges	Schools/Colleges	Program code	Program Name	Research Field	Tutor
1	001	School of Chinese Medicine, School of Integrated TCM and Western Medicine	100502	Clinical Foundation of TCM	Study of TCM Classic Formula and Syndromes	Huang Huang
2	002	The First School of Clinical Medicine (Jiangsu Province Hospital of Chinese Medicine)	100506	Chinese Internal Medicine	Foundation and Clinical Research of TCM Treatment for Rheumatic and Endocrinological Diseases	Wang Yue
3	002		100506	Chinese Internal Medicine	Research on TCM Diagnosis and Treatment, Its Mechanism for Spleen and Stomach Disease	Shen Hong
4	002		100506	Chinese Internal Medicine	Fundamental Molecular Biology of TCM Compound Prescription Intervene Rheumatic Disease	Zhou Xue Ping
5	002		100506	Chinese Internal Medicine	Clinical Research of Tumor	Wu Mian Hua
6	002		100507	Surgery of TCM	TCM Prevention & Control of Recurrence and Canceration in Colorectal Adenoma	Chen Yu Gen
7	002		100507	Surgery of TCM	Research on TCM Treatments, Fundamental Rehabilitate Enhancement and Conversion for Breast Cancer	Yao Chang
8	002		100508	Orthopedics and Traumatology of TCM	Clinical Research and Fundamental of Integrative Chinese and Western Medical Treatment for Osteoarthritis	Ma Yong
9	002		100602	Clinical Discipline of Integrative TCM and Western Medicine	Molecular Targets Imaging of Pancreatic Cancer and Related Diseases	Wang Zhong-qiu
10	002		100602	Clinical Discipline of Integrative TCM and Western Medicine	Clinical Research and Mechanism on Integrative Chinese and Western Medical Treatment and Prevention of Endocrinopathy	Wang Xu
11	002		100602	Clinical Discipline of Integrative TCM and Western Medicine	Fundamental Research and Clinical Practice on Cardiovascular Disease with Chinese and Western Medical Integration	Chen Xiao Hu
12	002		100507	Surgery of TCM	Surgery of TCM (TCM Andriatics Urology and Reproductive Aspect)	Ceng Qing Qi
13	012		100512	Acupuncture, Moxibustion and Tuina	Fundamental and Clinical Research on Acupuncture and Moxibustion Treatment for Cerebrovascular Disease	Peng Yong Jun
14	003	School of Acupuncture and Tuina, School of Health and Rehabilitation	100512	Acupuncture, Moxibustion and Tuina	Research on Acupuncture and Moxibustion Treatment and Prevention for Ovarian Related Diseases	Shen Mei Hong
15	003		100512	Acupuncture, Moxibustion and Tuina	Laws of Effectiveness and Mechanism in Acupuncture and Moxibustion	Xu Bin
16	003		100512	Acupuncture, Moxibustion and Tuina	Research on Acupuncture and Moxibustion Protective Mechanism in Cardiovascular System	Gu Yi Huang
19	004	School of Medicine & Holistic Integrative Medicine	100601	Foundation of Integrative TCM and Western Medicine	Biological Mechanism in Neurological and Mental Disorder, and TCM Intervention Strategy	Guan Xiao Wei
26	004		100800	Chinese Materia Medica	Pathogenesis and Pharmacological Research in Immune System Related Disorders	Shi Li Yun
28	004		100800	Chinese Materia Medica	Pathogenesis Mechanism and Research on Prophylactic Medicine of Neurodegenerative Disorder	Guo Jun
30	004		100800	Chinese Materia Medica	Mechanisms of Pain and Itch, along with Analgesic and Antipruritic TCM	Tang Zong Xiang
31	005	School of Pharmacy	100800	Chinese Materia Medica	TCM Immunopharmacology	Chen Wei
32	005		100800	Chinese Materia Medica	Discovery of Fundamental Medicinal Substance Effect in TCM/Crude Medicine and Research on Its Application	Tan Ren Xiang
33	005		100800	Chinese Materia Medica	Research on Transformation Mechanism and Standardization of Processing Chinese Materia Medica	Lu Tu Lin
34	005		100800	Chinese Materia Medica	Research on TCM Intervention in Tumor Progression and Metastasis	Lu Yin
35	005		100800	Chinese Materia Medica	Research on New Pharmaceutical Forms, Excipients and Technology of TCM Preparations	Chen Zhi Peng
36	005		100800	Chinese Materia Medica	Research on Discovery and Optimization of Molecules in New Natural Medicine Resource	Zhang Yi Nan
37	005		100800	Chinese Materia Medica	Research on Discovery and Optimization of Molecules in New Natural Medicine Resource	Liu Zhong Quan
38	005		100800	Chinese Materia Medica	Research on Discovery and Optimization of Molecules in New Natural Medicine Resource	Hu Li Hong
39	005		100800	Chinese Materia Medica	Chemistry and Cyclic Utilization of Chinese Medicinal Resources	Duan Jin Ao
40	005		100800	Chinese Materia Medica	Research on New Pharmaceutical Forms, Excipients and Technology of TCM Preparations	Xiao Wei

No.	Code of Schools/Colleges	Schools/Colleges	Program code	Program Name	Research Field	Tutor
41	005	School of Pharmacy	100800	Chinese Materia Medica	Research of Identification and Quality Appraisal in TCM	Wu Qi Nan
42	005		100800	Chinese Materia Medica	Chemistry and Cyclic Utilization of Chinese Medicinal Resources	Zhao Ming
43	005		100800	Chinese Materia Medica	Research on Transformation Mechanism and Standardization of Processing Chinese Materia Medica	Li Wei Dong
44	005		100800	Chinese Materia Medica	Research on Fundamental and Mechanism of Medicinal Substance Effect in TCM	Cao Peng
45	005		100800	Chinese Materia Medica	Discovery of Fundamental Medicinal Substance Effect in TCM/Crude Medicine and Application of Its Research	Xiu Shu Lan
46	005		100800	Chinese Materia Medica	Compatibility Principles of Chinese and Innovative Medicine	Ma Hong Yue
47	005		100800	Chinese Materia Medica	Research on Resources of Chinese Materia Medica and Chemistry	Gu Wei
48	005		100800	Chinese Materia Medica	Discovery of Fundamental Medicinal Substance Effect in TCM/Crude Medicine and Research on Its Application	Jiang Shu
49	005		100800	Chinese Materia Medica	Research on TCM Intervention in Cardiovascular Disease	Xu Hui Qin
50	005		100800	Chinese Materia Medica	Research on Applicable Technology In the Process of TCM Isolation	Zhu Hua Xu
51	005		100800	Chinese Materia Medica	Research on Transformation Mechanism and Standardization of Processing Chinese Materia Medica	Zhang Li
52	005		100800	Chinese Materia Medica	Chemistry and Cyclic Utilization of Chinese Medicinal Resources	Huang Lu Qi
53	005		100800	Chinese Materia Medica	Research in TCM Prevention and Treatment on Chronic Liver Disease and Tumor	Zheng Shi Zhong
54	005		100800	Chinese Materia Medica	Discovery of Fundamental Medicinal Substance Effect in TCM/Crude Medicine and Application of Its Research	Wang Xia Zhang
55	005		100800	Chinese Materia Medica	Research on New Pharmaceutical Forms, Excipients and Technology of TCM Preparations	Di Liu Qing
56	005		100800	Chinese Materia Medica	Research on Discovery and Optimization of Molecules in New Natural Medicine Resource	Wang Dong Hui
57	005		100800	Chinese Materia Medica	Discovery of Fundamental Medicinal Substance Effect in TCM/Crude Medicine and Application of Its Research	Peng Guo Ping
58	005		100800	Chinese Materia Medica	Research of TCM Intervention in Autoimmune / Endocrine Diseases	Hong Min
59	007	School of Nursing	101100	Nursing	TCM Nursing, Geriatric Nursing	Xu Gui Hua
60	007		101100	Nursing	Nursing of Integrated Chinese and Western Medicine	Sun Zhi Ling
61	011	Institute of Literature in Chinese Medicine	100503	History and Literature of TCM	Research on TCM Culture and Its International Diffusion	Zhang Zong Ming
62	011		100503	History and Literature of TCM	Artificial Intelligence in TCM	Hu Kong Fa
63	011		100503	History and Literature of TCM	Research in Health Policy	Tang Shao Liang
64	011		100503	History and Literature of TCM	Health Management	Wang Zhang Qing
65	013	The Second School of Clinical Medicine, The Second Affiliated Hospital (Jiangsu Province The Second Hospital of Chinese Medicine)	100602	Clinical Discipline of Integrative TCM and Western Medicine	Chinese and Western Medical Treatment in Digestive System Diseases	Sun Zhi Guang
66	013		100512	Acupuncture, Moxibustion and Tuina	Theory and Clinical Translational Study on Acupuncture and Moxibustion	Zhang Jian Bin
67	014	Nanjing Hospital of Chinese Medicine Affiliated to NJUCM	100506	Chinese Internal Medicine	Fundamental Research and Clinical Practice on Cardiovascular Disease with TCM, Chinese and Western Medical Integration	Gu Ning
83	028		100602	Clinical Discipline of Integrative TCM and Western Medicine	Chinese and Western Medical Integration Treatment in: Hepatic Failure and Disease; Infectious Disease	Yang Yong Feng
84	028		100602	Clinical Discipline of Integrative TCM and Western Medicine	Fundamental and Clinical Research of Hepatoma	Yi Yong Xiang
